

I would like to see action taken to stop the following:

1. Abandoned calls, we get 2 or 3 every day.
2. Recorded messages including non-profit and political parties many of these will not release the line within the 5 second time limit.
3. Auto dialed calls that occur on both my residential lines at the same time and will not release quickly.

The recorded "you won this" messages are the worst as you have to listen to the entire spiel, get a phone number, and then take action try to prevent future calls. This is rarely successful since the requests to stop are answered mechanically.
